COLLECTION

THE VERANDAH FROM PREFIX

Our fully bespoke Verandah solution, part of our Outdoor Living range, can be used to create a stunning, contemporary patio area allowing homeowners to enjoy their garden all year round.

It can also be used on driveways as a car port or anywhere else outside where the homeowner needs protection from outdoor elements.

Available in any colour, the Verandah is a must have product for anyone wanting to enjoy their outdoor space throughout the year.

“ It is hard to deny that the Verandah has genuine appeal. It is perhaps the best looking glazed canopy solution on the market right now. ”
